- To Logout, or to make changes to your profile, click on the My Account on the top right corner:

The screenshot shows the top navigation bar of the iGenerator Monitor website. On the left is the iGenerator logo with the tagline 'WATCH DOG'. In the center is the word 'Monitors'. On the right is a dark blue button labeled 'My Account (Richard Harwood)' with a downward arrow. A white dropdown menu is open below this button, containing three options: 'Change Account Details', 'Change Password', and 'Logout'.

- Note that your username is also your email address, the address that will be used to receive email alerts from iGeneratorMonitor.com.
  - Note that you may change this email address at any time, but if you do, you will have to use the new email address the next time you log in.
  - Note that the password is NOT your email password, but is a password you choose and you use just to access this web site. **The password is incrypted, and we cannot retrieve it. You may ask for a new password anytime, in case you forgot it.**
